

SageSure Insurance Managers expands to new, larger office in Cheshire

CHESHIRE, CT, Aug. 30, 2019 – [SageSure Insurance Managers \(SageSure\)](#), a subsidiary of Insight Catastrophe Group (ICG) and the largest independent residential property managing general underwriter in the U.S., has opened a new office in Cheshire. SageSure opened its first Cheshire office in 2016 to accommodate its actuarial team. Having grown 30 percent each year for the past several years, SageSure was in need of a new, larger space to accommodate nearly 20 employees.

The new office comes at the heels of SageSure’s announcement that they will begin offering commercial lines in 2020, in addition to the personal lines they have been offering since 2009. “We are always seeking ways to help our carriers and producers grow their business,” said Terrence McLean, President and CEO of SageSure. “This new office space will help us attract and retain the talent we need to lead us into the commercial space and position us to achieve the success we have seen in residential property.”

The nearly 5,000-square-foot “resimercial” space was designed to make employees feel at home and inspired to collaborate. The office features several collaboration areas with innovative technology to facilitate teamwork not only within the office, but also with approximately 250 other team members across the country.

In addition to Cheshire, Insight Catastrophe Group and SageSure have offices in Jersey City, NJ; Mount Laurel, NJ; Cincinnati, OH; Tallahassee, FL and Houston, TX.
